

For over three decades, Chipotle has been sourcing the highest-quality ingredients we can find – with respect for farmers, animals, and the environment – and preparing them using classic cooking techniques. This approach has arguably made us one of the most successful companies in the country, and we are always looking for great sites to continue our growth. Currently, we have over 3,500 corporate-owned locations, as we continue to grow.

REGIONAL REAL ESTATE CONTACTS

If you have a truly great site that would be a good fit for Chipotle, please contact the appropriate team member for your region

DEVELOPMENT

SITE GUIDELINES & CONTACTS

610 Newport Center Drive, Suite 1300
Newport Beach, CA 92660

A NEW FORMAT

The new prototype leverages digitally enabled convenience and as a result elevates the mix of digital sales. The Chipotlane flows like a traditional drive thru but is cashless, tied directly to mobile ordering, and therefore increases speed and convenience for the guest. While on-site ordering remains a classic Chipotle experience inside the restaurant, locations with the Chipotlane are a great extension of our digital system as they significantly increase convenience and access to Chipotle.

TRADE AREA

- Urban and suburban with strong residential and daytime population.
- Preferred generators: residential, office, retail, university, recreation.

RESTAURANT LOCATION

- Freestanding buildings and end caps with pick up lanes (Chipotlane) in addition to urban storefront locations.
- Preferred size of 2,400 square feet.
- 38 feet of frontage optimal.
- Patio seating preferred.
- Zoning to accommodate restaurant use and allow liquor license (beer & margaritas).
- Parking adequate for restaurant use.
- Building exterior to allow for standard storefront design and signage.
- Excellent visibility and access.
